CHARTING IMPACT

What is the organization aiming to accomplish?

The goal of The Emergency Assistance Center is to provide emergency food assistance to all low-income families in our service area who need help.

What are the organization's key strategies for making this happen?

We are 100% community-funded through monetary donations, as well as food and hygiene donations by local individuals, business, schools, churches, and organizations. We work hard to maintain strong relationships with those who support us.

We accept the help of anyone who wants to volunteer to help maintain operations at the Center and work with clients.

What are the organization's capabilities for doing this?

The Emergency Assistance Center sustains relationships with our donors and the community through personal contact, our Facebook page @teacenter, and our website www.teacenter.org.

We currently have 40 regular volunteers who give their time every week to support the operations of the Center. Most of our volunteers are retirees and many were not able to come in during the COVID-19 pandemic. We are gradually increasing number of volunteers to pre-COVID levels.

What have and haven't they accomplished so far?

Goal 1: By increasing funding, we will be better able to serve our current clients and will continue to look at expanding our services and areas. We have recently partnered with Ohio Department of Job & Family Services and with Veterans Affairs so that anyone in the area can meet with representatives at our location.

Goal 2: By having a well defined policy, our stakeholders have a clear message on why and how we are obtaining our long term goals.

Goal 3: We believe that The Emergency Assistance Center will continue to grow, not only by volunteers and donors but by clients. We believe that it will continually positive identity within the communities in which we serve.

Goal 4: Our Fundraising committee continues to work on goals of fundraising and event in which this will occur. They report to our Board of Directors.

Goal 5: We believe that our Social Media presence will continue and will look at ways to expand and use other forms of social media to talk about not only the Emergency Assistance Center but to talk about food insecurity in our community.

Goal 6: We are looking to retain and to continually train our board members.
